SHIBAURA

NEW 2014

NEW 2014

The **Shibaaura SR525HP-S** is a high quality Fairway mower with a 45hp Shibaaura 4-cylinder Diesel Engine and a 2.5m cut

Features:

SUPER QUIET OPERATION

- Precision Japanese quality manufacturing with the complete machine made by Shibaaura.
- CE Certified to mow safely on 20 degree slopes plus Certified ROPS and seat-belt standard
- A 45hp (33.6kw) Shibaaura 4-cylinder diesel engine that meets the stringent US EPA Interim Tier 3, as well as EU DGXI Stage 3 Emission regulations and heavy-duty 2-stage remote air filter
- Fully adjustable suspension seat with armrests and reclining lever for maximum operator comfort
- Tilt steering wheel with telescopic shaft
- Instrument Panel and blade engagement lever on steering console - Full instrumentation including, hourmeter, temp, fuel, oil pressure and battery gauges, air cleaner restriction and parking brake warning lights, plus glow-plug indicator. Fingertip variable reel lift and hold in any position.
- Foot-controlled hydrostatic transmission. High range for travel, and Low range for mowing. Automatic 4WD or full-time 4WD including diff-lock in low range. Auto hydraulic transfer to have equal traction on all wheels for a better control. Excellently designed hydraulic drive system to minimise noise and maximise driveability
- Hydraulic transmission braking stops the mower once the operator's foot is removed from the pedal, even on steep slopes, in forward or reverse
- Wet disc, single pedal control brakes
- Hydraulic power steering and reel lift, hydraulic drive to all reels
- 9-blade cutting reels with rear roller scrapers giving a total cutting width of 2.5m, (Option of 7 or 11)
- Down pressure springs on each reel to improve cut quality
- Option for forward or rear grass discharge
- Unique skids on all cutting reels to avoid gouging on uneven ground
- Backlapping with ease from controls near the operator's seat
- Individual Hydraulic Switch Valve to backlap any reel individually
- The two rear cutting reels rotate easily to the side, simplifying adjustments
- 2 Year / 1,500 hour Commercial Warranty

Fully Imported from Japan

PRICES WILL FLUCTUATE DUE TO EXCHANGE RATES P.O.A.
